**Annual Report on the  
Working of Co-operative Societies  
in the Presidency of Bengal**

**For the year ending 30th June 1942**

Superintendent, Government Printing  
Bengal Government Press, Alipore, Bengal  
1943

Price—Indian, Rs. 1-2; English, 1s. 10d.

No. 208 (Cal.).

FROM C. A. ALI, Esq., KHAN BAHADUR,  
*Registrar of Co-operative Societies, Bengal,*

TO THE JOINT SECRETARY TO THE GOVERNMENT OF BENGAL,  
CO-OPERATIVE CREDIT AND RURAL INDEBTEDNESS DEPARTMENT.

*Dated the 13th February 1943.*

SIR,

I have the honour to submit herewith the Annual Report on the Working of Co-operative Societies in Bengal for the year ending 30th June 1942.

The size of the report has been reduced, as far as possible, in view of the instructions regarding the preparation of annual administration reports conveyed by the Co-operative Credit and Rural Indebtedness Department memorandum No. 1273, dated the 20th April 1942.

I have the honour to be,

SIR,

Your most obedient servant,

C. A. ALI,

*Registrar of Co-operative Societies, Bengal.*

Statement showing capital, reserve, deposits, etc., of principal co-operative banks .. .. .	73-75

## Annual Report on the Working of Co-operative Societies in the Presidency of Bengal for the year ending 30th June 1942.

### Administration.

Mr. A. Ahmed, I.C.S., held the post of the Registrar and I that of the Deputy Registrar of Co-operative Societies throughout the year.

**Assistant Registrars.**—There were 16 Assistant Registrars of Co-operative Societies besides one Special Assistant Registrar for Industrial Societies only. The number of departmental Assistant Registrars rose from 8 to 12 due to reversion of 4 officers of the Bengal Civil Service and Bengal Junior Civil Service to the general line as an war emergency. The Assistant Registrars were on tour on an average of 149 days during the year.

**Divisional Auditors.**—As in the previous year, there were 16 Divisional Auditors attached to the offices of the 16 Assistant Registrars for rendering technical advice in matters relating to audit. Pending direct recruitment the post of the Chief Auditor is being held by a Divisional Auditor. The incumbent of the post of the Officer-in-charge of the Co-operative Training Institute is also an officer of the rank of a Divisional Auditor.

**Inspectors.**—The number of Inspectors was 149 including 31 holding temporary posts. Sixteen of them were employed exclusively on running audit of central and important urban banks. Two were employed as Instructors at the Co-operative Training Institute. Five were also employed in the 5 peripatetic instructional units allotted to five Commissioners' Divisions. These instructional units are entrusted with the training of the members of village societies besides holding refresher courses for the officers of the department as well as of the central and important urban banks who have completed their training.

**Auditors.**—The strength of the permanent audit staff was 273 as in the previous year. Besides, there were 20 temporary posts as accounted for by 4 Auditors employed as Instructors at the Co-operative Training Institute, 5 employed in the 5 divisional peripatetic instructional units, two attached to the two Sugarcane Growers' Unions at Gopalpur (Rajshahi) and Setabganj (Dinajpur) and nine employed as Managers of Co-operative Land Mortgage Banks. Thirty-two Auditors were employed exclusively on the audit of central and bigger urban banks.

**Assistant Auditors.**—The total number of Assistant Auditors was 31 against the sanctioned strength of 42. The remaining 11 posts were filled up after the close of the year.

The policy of expansion and of linking credit with marketing resulting in the organisation and supervision of an increasing

number of crop loan and multipurpose societies, but without the corresponding adequate increase in the strength of the staff has added to the work of the departmental officers as a whole. The Co-operative Special Debt Settlement Boards of which there are as many as 206 now also claim no small amount of their time. The Inspectors and Auditors are Chairmen of these Boards and their working is supervised by the Assistant Registrars. The distribution and recovery of crop loan as also the collection of old loan under the present trying conditions have practically become their normal functions. On the top of these they have to discharge their own statutory duties of audit, inspection and enquiry. Their work has been rendered really exacting and strenuous.

**Supervisors.**—Seven hundred and seventy-two Supervisors were employed by Central Banks as against 740 of the previous year. In view of the unsatisfactory financial position of many of these banks, the supervising staff could not be sufficiently strengthened commensurate with the increase in the number of societies.

### Agricultural conditions.

Excessive rainfall in July had a damaging effect on the paddy crop and retarded its transplantation in low lands. The weather conditions, however, improved in August and September. But there was again some damage by floods in some districts of East Bengal due to unusual rainfall in October; such rainfall materially affected the crop in some of the districts of the West Bengal also. Complete absence of rain during the months of December and January adversely affected the prospects of *rabi* crops in some areas.

**Bhadoi crops except jute.**—Due to abnormal rains in May and June 1941 the crops suffered considerable damage in the districts of Bakarganj and Noakhali and in parts of Tippera and Mymensingh and to some extent in certain other areas also. Insect pests were also responsible for some amount of damage to the crops. The out-turn of *bhadoi* crops was sub-normal.

**Jute.**—Weather conditions were not favourable. In the earlier period, there was prolonged drought. This was again followed by excessive rainfall resulting in floods. The visitation of a cyclone added to the misery of the crop. Crops in low lands of East and North Bengal suffered considerably. The damage was particularly severe in the districts of Noakhali, Tippera, Bakarganj, Rangpur, Jalpaiguri and Mymensingh. The condition of the crop in the high land tracts was, however, on the whole not so unsatisfactory.

**Winter rice.**—The sowing was delayed by prolonged drought. Excessive rains later

again damaged the crop in some parts of North and East Bengal. Thereafter the weather conditions were satisfactory both for the growth and the harvesting of the crop.

**Sugarcane.**—Want of rain adversely affected its plantation in the beginning. Afterwards, however, proper rain and sun shine helped its growth. But heavy rainfall, insect pest and red-rot disease at the later stage materially affected the outturn of the crop.

**Rabi crops.**—Weather conditions were helpful for the sowing of the crops. But subsequent drought and insect pests were responsible for their low outturn.

**Cotton.**—This crop is only confined to the Chittagong Hill Tracts and parts of Mymensingh district. Field operations and sowings proceeded under unfavourable

weather conditions. Weather conditions, however, improved later and the outturn was satisfactory.

**Other crops.**—Other crops also more or less suffered similarly. Continued drought interfered in the growth of the oilseed crops in some districts as also the wheat crop particularly in the district of Murshidabad. Their outturn was below expectation.

**Condition of the agriculturists.**—The prices of food-crops increased considerably owing to the war conditions but the benefit went more to the profiteers than to the actual growers. On the other hand the jute-growers were hard hit by the fall in prices of jute. In their case the rise in prices of food-grains and other necessities of life added largely to their difficulties particularly in the flood-affected areas where relief measures had to be undertaken by Government.

### GENERAL PROGRESS OF THE MOVEMENT.

The following table shows the general progress of the movement :—

	Number of societies.		Number of members. (a) Individuals. (b) Societies.		Reserve and other funds. (In lakhs.)		Working capital. (In lakhs.)	
	1940-41.	1941-42.	1940-41.	1941-42.	1940-41.	1941-42.	1940-41.	1941-42.

### Progress of Agricultural societies from 1932-33 to 1941-42.

Scale :—

1 Division—3,000 societies, 1 Division—1 lakh members, 1 Division—Rs. 20 lakhs Reserved Fund,  
1 Division—Rs. 100 lakhs working capital.

**Societies.**—The total number of all classes of societies rose from 40,403 to 41,247 indicating an increase of 2·8 per cent. against 7·9 per cent. of the previous year. The number of Central Banks remained unchanged. It was 121 as before. The number of producers' unions came down from 17 to 16 by the liquidation of the Darjeeling Co-operative Milk Societies Union. The number of agricultural societies went up from 37,210 to 38,018, the increase being 2·1 per cent. against 7·8 per cent. of the previous year. The smaller increase is due to the fact that greater attention was paid to the consolidation of the existing societies especially the crop loan societies set up in recent years for supplying seasonal

credit to the agriculturists. The most important addition to the agricultural societies was 7 multipurpose (agricultural marketing) societies and 4 Land Mortgage Banks established at Khulna, Burdwan, Rajshahi and Dacca. The number of non-agricultural societies rose from 3,051 to 3,089. The increase was chiefly in the case of credit societies.

**Membership.**—The total number of individual members of all classes of societies rose from 1,298,807 to 1,408,634, representing an increase of 8·4 per cent. against 13·6 per cent. of the previous year. The increase in membership compares favourably with the increase in the number of societies.

**Progress of Non-Agricultural societies from 1932-33 to 1941-42.**

Scale :—

2 Divisions	..	1,000 societies.
2 „	..	1 lakh members.
1 Division	..	Rs. 5 lakhs of Reserve Fund.
1 „	..	Rs. 100 lakhs of working capital.

**Working capital.**—The constitution of the working capital of the different classes of societies and of the movement as a whole will

appear from the following statement and graphs:—

**Working capital of the societies.**

\* Excluding land mortgage banks.

† Including insurance societies.

The total working capital of all classes of societies declined from Rs. 2,140.14 lakhs of the previous year to Rs. 2,131.88 lakhs in the year under review, the percentage of decrease being about .4. The working capital of the Bengal Co-operative Alliance remained stationary. The working capital of non-agricultural societies increased very perceptibly. The working capital of all other classes of societies, however, showed a fall. The fall was more conspicuous in the case of the Bengal Provincial Co-operative Bank, Ltd. There were

excess withdrawals due to panic amongst the depositors as a result of the war. There were also large withdrawals from some of the solvent Central Banks. This was partly compensated by an increase in the working capital from other sources. The net result was a small decrease in the working capital of the Central Banks. The decrease in the working capital of the agricultural societies, the bulk of which are credit societies, is accounted for by repayments made towards loans of the Central Banks. The decrease is also partly the result of scaling down of the

debts of members by debt settlement boards, involving subsequent adjustment of balances of the dues against the owned capital of the societies and also of the increasing adjustments of the dues of the members against their deposits.

**Owned capital.**—The percentage of owned capital to the working capital shows an

welcome increase in cases of all classes of societies except in the case of the Bengal Co-operative Alliance where it remained stationary.

#### **Members' and non-members' deposits.**—

The statement below shows the position as between deposits by members and non-members:—

Deposits in Agricultural societies.					Deposits in Non-agricultural societies.			
	Members (in lakhs).	Percentage.	Non-mem- bers (in lakhs).	Percentage.	Members (in lakhs).	Percentage.	Non-mem- bers (in lakhs).	Percentage.
1940-41	18.11	57.4	13.40	42.6	167.83	36.4	275.66	63.6
1941-42	17.00	54.8	14.07	45.2	184.23	41.2	262.48	58.8

In agricultural societies a steady decline in the deposits of members has been a feature for several years past. This is due to paper adjustments of their debts against their deposits, a fact already referred to, and is not the result of any considerable withdrawal in cash. Non members' deposits in agricultural societies, however, show some improvement. This is the effect of reduction in the rate of

interest on deposits by the Post Office Savings Bank. It may also be observed here that non-members in rural areas have not much scope or choice of investments. Members' deposits in non-agricultural societies have shown a commendable rise. They are generally of small denominations. Non-members' deposits in these societies, however, show a decline. This is attributed to

withdrawals in favour of more profitable investment in business or industries under the present favourable conditions created by the war.

**Loans.**—A statement showing issue and recovery of loans to and from affiliated societies of Central Banks is furnished below :—

(Figures in lakhs.)

	Loans outstanding at the beginning of the year.	Loans granted to societies during the year.	Loans paid by societies during the year.	Percentage of recoveries to total dues.	Loans outstanding at the end of the year.	Interest outstanding.
1940-41	344.58	50.57	00.75	15.3	332.05	165.13
1941-42	332.05	38.64	57.32	15.4	308.00	179.06

Loans to the extent of Rs. 38.64 lakhs were disbursed to the societies against Rs. 50.57

lakhs of the previous year. There was thus considerable fall in the issue of loan. The Central Banks were unable to advance loan out of their own funds on the previous year's scale because of heavier call from their own depositors. Another contributory cause was the suspension of issue of crop loan by Government through the Provincial Bank in the latter part of the year due to non-fulfilment of certain conditions by the said Bank. The decision by Government to advance such loan direct to Central Banks took some time, during which period no loan could be issued. Recoveries showed an excess over issue by Rs. 18.68 lakhs against Rs. 10.18 lakhs of the previous year. The larger recovery is accounted for by the rise in the general level of prices of agricultural commodities.

**Purpose of loan issued.**—A statement showing classification of loans issued to individual members during the year by agricultural societies of all classes (except

land mortgage banks) according to their objects is furnished below :—

	1940-41.		1941-42.	
	Amount (in lakhs).	Per- centage.	Amount (in lakhs).	Per- centage.
1. For cultivation expenses ..	38.08	76.62	41.12	78.08
2. For purchase of cattle ..	3.92	7.86	2.20	4.40
3. For payment of revenue kist and rent ..	.38	.76	.44	.81
4. For improvement of land ..	.01	..	.46	.87
5. For trade ..	2.70	5.32	.30	.75
6. For education ..	..	..	..	..
7. For buying building or repairing houses ..	.01	..	.02	.04
8. For purchase of land ..	.14	.28	.58	1.10
9. For purchase of food and necessaries of life ..	4.10	8.27	0.30	12.28
Total loans for productive purposes ..	49.48	99.46	51.08	99.26
10. For paying prior debts ..	.23	.46	.12	.22
11. For marriage, ceremonials, litigation and other non-productive purposes ..	.04	.08	.27	.52
Grand total ..	49.70	100	52.07	100

Loans for unproductive purposes have practically ceased. This has largely been the result of the inability of the societies to find funds to finance such loans. Long term loans are now being appropriately left to the land mortgage banks to cater. But facilities for such loans are not yet available in all parts of the Province due to the limited number of these banks at present.

A statement showing issue and recovery of loans to and from members of agricultural

credit societies other than land mortgage banks is given below :—

(Figures in lakhs.)

	Total outstanding loans at the beginning of the year.	Loans granted to members during the year.	Recoveries during the year.†	Total outstanding at the end of the year.	Of which overdue.	Percentage of overdue.
	Rs.	Rs.	Rs.	Rs.	Rs.	Per cent.
*1940-41.	370.65	47.04	54.26	362.78	331.56	91.4
1941-42.	362.78	48.85	56.25	352.04	328.58	93.3

\*Revised figures.

†Excluding realisation by paper transactions.

Loans to the extent of Rs. 48.85 lakhs were issued to the members of agricultural credit societies against Rs. 47.04 lakhs of the previous year. Rs. 10.21 lakhs was issued from the funds of the societies in addition to loans received from the Central Banks. Recoveries amounted to Rs. 56.25 lakhs showing an excess of Rs. 7.40 lakhs over the loans issued during the year. Such excess was Rs. 7.22 lakhs during the previous year. Rs. 352.04 lakhs was outstanding from the members at the end of the year of which Rs. 328.58 lakhs or 93.3 per cent. represented overdues. The previous year's outstanding was Rs. 362.78 lakhs of which Rs. 331.56 or 91.4 per cent. was overdue.

The following statement shows the percentage of overdues to loans due by members in agricultural and non-agricultural societies:—

	Agricultural societies.†			Non agricultural societies.		
	Loans due by individuals members (in lakhs).	Of which overdue (in lakhs).	Percentage of overdue.	Loans due by individuals members (in lakhs).	Of which overdue (in lakhs).	Percentage of overdue.
			Per cent.			Per cent.
1940-41* .. ..	366.00	332.99	90.9	567.23	65.22	11.4
1941-42 .. ..	354.02	329.52	93	547.38	63.54	11.5

\*Revised figures. †Excluding land mortgage banks.

The business of the 5 old land mortgage banks suffered materially during the year for want of finance. The Bengal Provincial Co-operative Bank which had hitherto been

financing these banks purely as a temporary measure discontinued to do so any further. Loans to the extent of Rs. 0.34 lakhs were only issued by these banks to their members

as against Rs. 1.33 lakhs issued during the previous year. The 4 new land mortgage banks could not issue any loan. The Government has since provided funds for financing the land mortgage banks. Rs. 0.55 lakhs was recovered during the year from the members on account of principal as against Rs. 0.37 lakhs of the previous year. The percentage of recovery to the total demand being, however, less than the previous year,

the overdue rose from Rs. 0.36 lakhs to Rs. 0.43 lakhs.

The percentage of overdue in agricultural societies taken as a whole shows an increase from 90.9 per cent. to 93 per cent.

**Classification of agricultural credit societies.**—The following table shows the classifications of agricultural credit societies (other than grain banks) arranged according to the districts of the Province.

*Agricultural Credit Societies other than grain banks.*

Districts.	Number of societies.			Thoroughly good societies.	Fairly good societies and showing evident signs of progress.	Average with some arrears in loan accounts and general working not very satisfactory.	Bad societies which may progress if reconstituted.	Very bad societies which should be cancelled should they fail to be reconstituted.	Societies under probation and not classed.
	Last year.	This year.	Increase + or decrease —.

The number of D and E class societies has further increased during the year.

The only effective way of liquifying frozen assets is to scale down the debt of each individual member according to his repaying

capacity. Hundred more Co-operative Special Debt Settlement Boards were set up during the year for expeditious settlement of debts of the members. The total number of such Boards at the end of the year was 206.

# Co-operative Special Debt Settlement Boards.—A statement showing the working

of Co-operative Special Debt Settlement Boards is given below :—

Year.	Number of Co-operative, Special Debt Settlement Boards.	Application.		Applications disposed of	Applications dismissed.	For all claims settled.				Number of cases settled.	Awards under section 19 (1) (a).				Awards under section 19 (1) (b).

\* Figures in columns 6 and 7, 9-14, and 18 are in lakhs of rupees.

† Revised figures.

It is a matter of some satisfaction that the disposal of cases, settlement of claims and awards made, all show definite improvement. The percentage of cases dismissed has also come down in comparison with the total number of cases filed. The progress in the conciliation of debts should, however, be still more expeditious. Only a small fraction of the members of rural credit societies have so far appeared before the Boards. It is up to the departmental officers and the financing banks to see that every member who is unable to repay his loan in full does apply to Debt Settlement Board for the settlement of his debts.

**Profits and losses, and revenue income and expenses of the Provincial Bank, Central Banks and other societies.**—The Bengal Provincial Co-operative Bank Ltd., worked with a revenue deficit of Rs. 0.92 lakhs. Five Central Banks, namely, the Nagarpur, Barisal, Padmapara, Rangpur and Jalpaiguri Central Banks worked at a loss even on paper. Such loss was not, however, of any considerable magnitude except in the case of the Padmapara Central Bank. The net cash revenue income of the Central Banks was Rs. 17.13 lakhs and their cash revenue expenses amounted to Rs. 15.44 lakhs against Rs. 14.72 lakhs and Rs. 16.83 lakhs, respectively, of the previous year. Forty-six Central Banks could not meet their revenue expenses out of their realised income, the deficit being more prominent in the cases of the Tamluk, Dacca, Perojpur, Feni, Comilla, Brahmanbaria, Laksham, Ullapara

and Gaibandha Central Banks. It is, however, some relief that the number of deficit Central Banks as also the amount of deficit are both on the decline. This has chiefly been due to reduction effected in their obligatory charges.

Out of the 5 old land mortgage banks 4 worked at a profit, the Jessore Land Mortgage Bank could not yet become self-supporting, the deficit being Rs. 530.

The agricultural credit societies other than land mortgage banks incurred a net loss of Rs. 5.51 lakhs against Rs. 1.09 lakhs of the previous year. With a view to stimulate recoveries, a practice of making liberal credit of realisation towards the principal even when interest was outstanding had come to exist. But the treatment was otherwise in the case of payments made by societies to Central Banks. Realisation from societies was first credited into interest account of the Central Banks. The equilibrium was thus not maintained resulting in gradual reduction of productive assets of the societies. This state of things was the main cause of loss as in the previous year. Other factors that contributed to the loss were—

- The interest accumulated on loans due by members to societies having exceeded the principal in many cases, further calculation of interest was suspended in those cases though interest on the borrowed capital went on accruing.

(ii) Remissions of interest were freely allowed by Societies without their being always adjusted against the Reserve or other funds. The result was that the assets were written off without the corresponding decrease in the liabilities.

(iii) The awards of Debt Settlement Boards affected the profits of the societies in that forward interest was stopped in many cases while in some cases even arrear interest was wholly or partly wiped off.

The activities of the agricultural purchase and sale societies including multipurpose (marketing) societies increased considerably during the year. They handled commodities to the value of Rs. 10.54 lakhs as against Rs. 6.64 lakhs of the previous year. They earned a net profit of Rs. 1.31 lakhs, such profits during the preceding year being only Rs. 0.56 lakhs. The Central Co-operative Paddy Sale Society handled Rs. 5.21 lakhs worth of paddy and rice against Rs. 5.08 lakhs of the previous year and earned an increased profit of Rs. 2,173 against Rs. 377 of the previous year. The Calcutta Milk Societies Union dealt with Rs. 3.28 lakhs worth of milk and milk products but on account of the abnormal situation that it had to face in regard to supply of milk from its constituent societies it sustained a loss of Rs. 3,187 against a profit of Rs. 15,607 of the previous year.

The ten Industrial Unions continued to co-ordinate the activities of their affiliated societies with the help of the Government of India grant for the handloom industry and handled manufactured textiles of their member-societies of the value of Rs. 11.90 lakhs against Rs. 11.94 lakhs of the previous year. They earned a net profit of Rs. 23,835 against Rs. 13,562 of the previous year.

The non-agricultural credit societies, generally speaking, continued to maintain their good record. The profit earned by them amounted to Rs. 12.05 lakhs against Rs. 14.36 lakhs of the previous year. The decrease in profit was due to reduction effected in the rate of interest in some of the bigger Urban Banks particularly the three Railway Co operative Societies.

**Audit fee.**—A statement showing the position of the audit fee account is furnished below. Rs. 4.91 lakhs was assessed as audit fees for the year. The total demand for the year was Rs. 15.96 lakhs inclusive of arrears of Rs. 11.05 lakhs. Only Rs. 3.63 lakhs was actually realised. The expenditure incurred for maintenance of the audit staff during the year was Rs. 5.58 lakhs of which Rs. 4.50 lakhs was chargeable from the audit fees fund, the balance of Rs. 1.08 lakhs being debited to the Provincial revenues on account of anti malarial societies and societies under probation (*i.e.*, less than 18 months old) which are audited free of charge.

Class of Society.	Audit fee payable.			Collections during the year from 1st April 1941 to 31st March, 1942.			Remissions during the year from 1st April 1941 to 31st March 1942			Balance outstanding on 1st April 1942.

Total liquidated ..	1,29,122	29,018	1,58,140	5,463	10,127	15,590	1,125	19	1,144	1,22,534	16,872	1,41,406
Grand Total ..	11,04,821	4,00,662	15,05,683	90,535	2,63,112	3,62,647	2,494	306	2,800	10,02,792	2,27,444	12,30,236

The collection of audit fee was unsatisfactory and arrears have assumed larger proportions. Even with the Government grant for the anti-malarial and infant societies the cost of the audit staff could not be fully met by the audit fees realised. The deficit was met out of the previous accumulation in the fund which was therefore depleted to this extent.

The whole system of assessment of audit fees has recently undergone an examination. A proposal to salvage out arrear audit fees as far as possible by making liberal concessions in the shape of remission and also to arrange a more equitable assessment as between agricultural and urban societies is now under consideration.

**Liquidation.**—The following table will indicate the progress of liquidation:—

Year.	Times collection liquidated societies.	Liabilities met.		Audit fee paid.	Management cost.			Total disbursement.
		Central Banks.	Others.		Pay of establishment.	Other.	Total.	
1940-41 ..	1-55	98	18	10	15	17	32	1-50
1941-42 ..	4-06	2-41	1-75	16	18	11	29	4-01

Year	Number liquidated during the year.	Number whose liquidation proceedings closed.	Total number of liquidated societies at the end of the year.	Total Liabilities at the beginning of the year.		Total Liabilities at the end of the year.	
				Outside.	Other.	Outside.	Other.
1940-41 ..	110	51	1,011	48-10	25-33	56-51	29-09
1941-42 ..	115	95	1,037	50-41	25-93	58-03	25-38

It is encouraging that a distinct improvement is noticed in the progress in the recovery of assets of the societies under liquidation. The cost of management also shows a comfortable decrease on the whole.

**Government assistance to the movement.**—

The entire cost of maintaining the Co-operative Training Institute and the itinerant instructional staff for Co-operative education was met out of the Government of India grant and amounted to Rs. 1,22,553 as against Rs. 32,651 of the previous year. The increase in expenditure was due to employment of itinerant staff of Instructors for the training of Secretaries of rural societies.

The Government of India grant for the development of handloom industry, for the year amounted to Rs. 1,03,528. Of this Rs. 79,218 was allotted to this department and the rest to the Department of Industries. This was the 7th year of the grant. Such grant for the previous year amounted to Rs. 98,652 of which Rs. 73,380 was allotted to this department and the remainder to the Department of Industries. The amount actually drawn during the year was Rs. 59,323 as against Rs. 55,453 of the previous year so far as this department is concerned.

The Gopalpur and the Setabganj Sugarcane Growers' Unions drew a total amount of Rs. 8,682 as against Rs. 9,877 of the previous year as grant from the Sugar Excise Fund of the Government of India for the development of Sugarcane Growers' Co-operative Societies, the total allotment, however, being Rs. 13,000 for each of the years.

The Bengal Provincial Bank received from the Provincial Government the 6th instalment of the annual grant of Rs. 2 lakhs to

enable it to write off the losses it sustained in its dealing with the jute sale and supply societies. The salary of the Special Officer attached to the bank was also met by the Government.

The entire cost of management of the four new land mortgage banks as also the net loss incurred by the Jessore Land Mortgage Bank during the year was met out of the Provincial revenues.

Rs. 1,987 was received from the Provincial Government against Rs. 1,999 of the previous year for distribution amongst societies composed of backward classes by way of grant towards the maintenance of their clerical staff for keeping accounts.

The Sale and Supply Society in the Chittagong Hill Tracts received Rs. 637 as establishment cost against Rs. 1,109 of the previous year.

**General.**—The movement passed through another year of stress and strain. The policy of expansion was continued but more cautiously. Increased attention was paid to the consolidation of the existing societies particularly the crop loan societies a large number of which had been set up in recent years for supplying seasonal credit to the cultivators. Dearth of rural credit from local sources was experienced as before. The village money-lenders are now rather reluctant to go in for fresh business in view of the operations of the various ameliorative measures passed in late years for the benefit of the agriculturists of which the Bengal Money Lenders Act and the Bengal Agricultural Debtors Act may be particularly mentioned.

Linking of credit with marketing has been a new phase of the movement. More attention is now being devoted to the development of the resources of the agriculturists. Marketing societies are being organised in increasing numbers for more profitable disposal of their produce. In order that these societies may not suffer from want of finance, Government has undertaken to finance 11 more important of them to start with. Some of these societies made quite an encouraging profit during the year under review. Government has also appointed a Special Officer for supervising and developing the business of these societies.

The present world war has also not been without its repercussion on the movement. Due to uncertainty in the economic situation people developed a tendency to withhold payment and the task of collection of dues was rendered more difficult. This was particularly the case in the Chittagong division. About half the total arrear crop loans is due from this division alone.

The principal crops of the Province are jute and paddy. The jute market was very adversely affected by the war conditions. The price of paddy, however, went up considerably. But the advantage derived by

the cultivators from this rise in price was perhaps more than set off by the abnormal increase in the prices of other necessities of life.

A Special Officer was appointed to draft Rules under the Bengal Co-operative Societies Act, 1940. The draft rules were published and objections and suggestions received were considered by a mixed committee of officials and non-officials. A Special Officer was also appointed to revise the existing model bye-laws and circulars in the light of the new Act and Rules which came into force just after the close of the year under review.

The Co-operative Training Institute was so long being maintained out of the temporary grant provided by the India Government. The appointment of itinerant units consisting of one Inspector and one Auditor

for each Commissioner's Division for the training of the members of the village societies in principles and practice of Co-operation makes a definite advance in the scheme of Co-operative education in the Province. The Co-operative Training Institute has been temporarily removed from Dum Dum (Calcutta) to Naogaon (Rajshahi) on account of difficulty of accommodation.

**Official and non-official assistance.**—The District and Subdivisional Officers always showed sympathy and interest for the movement. Non-official assistance to the movement was also available in a large measure.

My thanks are due to all officers of the department. They had to work under great strain and rendered valuable help in the administration.

#### Touring of Officers, 1941-42.
